Autumn Walk

Our homework this half-term is to collect and find natural objects that reflect Autumn and how the weather is changing. This could include colourful leaves, pine cones, conkers and sticks. You can choose which homework challenge you would like your child to complete.

Challenge 1: To collect Autumn objects and talk about them.

Challenge 2: To make something with the Autumn objects (stick person, leaf crown, natural picture etc)

Please bring in the homework on Monday 4th November 2019.

We look forward to your creations and findings!
