The following members of the Junior Leadership Team that will be working aside us are ...

This year's JLT (Junior Leadership Team) will host some exciting events throughout the academic school year. Such as fundraising events for well-known charities across England and many other countries! We also will have some behaviour and safety presentations.

About Us

Ashba - I am head of JLT and I have always wanted this role I think me and my co-workers will work together and make some really good changes and I am so happy I have got my friends to work with and show what a good role model I can be!

Ayaan - I am extremely fortunate that I have gotten the role of Deputy Head in the JLT and I will enjoy working alongside Ashba and Ameer. Similar to Ashba, I would love to change the school to make it a better place!

Ameer - I am very excited due to the fact that I am the deputy JLT. I love fundraising and at first, I thought that I wouldn't get in JLT but when I heard that I was deputy of the Junior Leadership Team I was very proud and this shows I should have believed in myself!

Yours sincerely,

Members of the JLT
